## Guidance Notes

Order of Play: Before each set starts, the home team must enter their 5 players names on to the results sheet. If either team has less than 5 players the 3 or 4 players names must be entered in the first 3 or 4 games of each set.

No player can play the same player twice in the first 15 frames. Any player can play any other player in Frame 16.

Extra(X): Games awarded to players without having played e.g. the opposing team are short of players should put the frame score in the X column. A player can only be placed against "no player" once.

Result Sheet: The winning team, or home team captain if a draw must ensure the sheet is posted within the WhatsApp group on the night of the game. Or entered online by 8pm of the following Monday

A Late sheet will result in NO points being awarded.

If possible, please submit all result sheets online.
